University of Illinois at Chicago, Chicago, IL
Mathematical Computer Science, *2018-2022*

EXPERIENCE

UPS | Assistant Supervisor | Hodgkins, IL   05/2021— 01/2022
- Worked over 25hrs/week while being a full-time student and was quickly promoted to Assistant Supervisor.
- Assembled multiple trailers after their arrival and placed team members accordingly based on their work pace and their respective trailers package flow.
- Kept storage areas organized and secure to fully protect company assets.
- Disassembled and closed multiple trailers safely and efficiently, according to their scheduled departure time.
- Managed package flow of over 430,000 packages for 12-15 trailers and managed a 6–8-member team.
- Displayed strong communication and time management skills with team members.

Chipotle | Cashier | Chicago, IL   07/2017– 08/2019
- Mentored new team members on POS system operation, customer service strategies, and shift duties.
- Processed POS transactions, including checks, cash and credit purchases or refunds of over $14,000 daily.
- Reconciled cash drawer at start and end of each shift, accounting for errors and resolving discrepancies.
- Performed all checkout procedures quickly and accurately each time, while also providing friendly service and knowledgeable assistance.
- Displayed strong communication with team members and time management skills.

PROJECTS

Resume Project | Web Developing   05/2021
- Developed an online resume using HTML, CSS, and JS.
- https://abe0819.github.io/online-resume_mobile-compatible_project/

Mock Service Website | Web Developing   02/2021
- Improved the appearance of an outdated webpage from a local auto repair shop using HTML, CSS, and JS.

Calculator | C++   10/2020
